markeverettcarter@gmail.com / mecarter.com

Candidate: UX/UI Designer + Developer

- Specialist in hand-crafted front end development with a focus on device agnosticism.
 - Expert level HTML, CSS, and JavaScript. Proficiency with PHP, MySQL, and Python.
 - Robust design sensibilities, from wireframing to full-fledged comps. Proponent of live prototyping and designing in the browser.
 - Strong desire to learn new skills and technologies. Adept at learning on the fly.
-

Skills:

- *Development:* HTML, CSS, JavaScript, Git, Agile, PHP, Python, MySQL.
 - *Design:* Responsive design, color theory, typography, style tiles, high fidelity mock ups, designing within brand guidelines, wireframing.
 - *Preferred Tools:* Mac OSX, Chrome, Sublime Text, Sketch, Photoshop, Illustrator, Cold Brew Coffee.
-

Experience:

Front-end Developer

Discogs, Beaverton, OR – October 2013 - Present

- Collaborate with a small internal team to rapidly prototype, user test, and implement new features and redesign existing features to demonstrably improve site usability and user experience.
- Create assets and finished materials for the Marketing team including event posters, postcards, promotional materials, and design and develop informational mini-sites within our site architecture.

UX Developer

Emerge Interactive, Portland, OR – August 2012 - October 2013

- Built and maintained client sites using a variety of CMSs including Drupal, Wordpress, and ExpressionEngine using HTML, CSS, jQuery, JavaScript, and PHP.
- Designed wireframes, typographic styles, and information architecture as well as responsive web design retrofitting of existing sites.

UX Developer

ShopIgniter, Portland, OR – November 2010 - August 2012

- Website implementations for clients using HTML, CSS, jQuery, Javascript, and PHP.
 - Designed client sites, tech demos, marketing materials.
-

Education:

Bachelor of Arts in Visual Communication Design

Purdue University, West Lafayette, IN – Graduated 2009
